## **Oswestry Disability Questionnaire**

This questionnaire has been designed to give us information as to how your back or leg pain is affecting your ability to manage in everyday life. Please answer by checking **one box in each section** for the statement which best applies to you. We realise you may consider that two or more statements in any one section apply but please just shade out the spot that indicates the statement **which most clearly describes your problem.** 

Section 1: Pain Intensity	Section 6: Standing
☐ I have no pain at the moment	☐ I can stand as long as I want without extra pain
☐ The pain is very mild at the moment	☐ I can stand as long as I want but it gives me extra pain
☐ The pain is moderate at the moment	Pain prevents me from standing for more than 1 hour
☐ The pain is fairly severe at the moment	☐ Pain prevents me from standing for more than 30
☐ The pain is very severe at the moment	minutes
☐ The pain is the worst imaginable at the moment	☐ Pain prevents me from standing for more than 10
The pain is the worst imaginable at the moment	minutes
Section 2: Personal Care (eg. washing,	Pain prevents me from standing at all
dressing)	
_	Section 7: Sleeping
☐ I can look after myself normally without causing extra	Management in a second distributed by a sign
pain	☐ My sleep is never disturbed by pain
☐ I can look after myself normally but it causes extra pain	☐ My sleep is occasionally disturbed by pain
☐ It is painful to look after myself and I am slow and careful	☐ Because of pain I have less than 6 hours sleep
☐ I need some help but can manage most of my personal	☐ Because of pain I have less than 4 hours sleep
care	Because of pain I have less than 2 hours sleep
☐ I need help every day in most aspects of self-care	☐ Pain prevents me from sleeping at all
☐ I do not get dressed, wash with difficulty and stay in bed	
	Section 8: Sex Life (if applicable)
Section 3: Lifting	☐ My sex life is normal and causes no extra pain
The second state of the se	
☐ I can lift heavy weights without extra pain	My sex life is normal but causes some extra pain
I can lift heavy weights but it gives me extra pain	My sex life is nearly normal but is very painful
Pain prevents me lifting heavy weights off the floor but I	My sex life is severely restricted by pain
can manage if they are conveniently placed eg. on a table	☐ My sex life is nearly absent because of pain
☐ Pain prevents me lifting heavy weights but I can manage light to medium weights if they are conveniently	☐ Pain prevents any sex life at all
positioned	Section 9: Social Life
L can only lift very light weights	□ M
☐ I cannot lift or carry anything	☐ My social life is normal and gives me no extra pain
	My social life is normal but increases the degree of pain
Section 4: Walking*	Pain has no significant effect on my social life apart from
☐ Pain does not prevent me walking any distance	limiting my more energetic interests e.g. sport
Pain prevents me from walking more than 2 kilometres	Pain has restricted my social life and I do not go out as
Pain prevents me from walking more than 1 kilometre	often
_ ·	Pain has restricted my social life to my home
Pain prevents me from walking more than 500 metres	☐ I have no social life because of pain
I can only walk using a stick or crutches	Ocation 40: Travelling
☐ I am in bed most of the time	Section 10: Travelling
Section 5: Sitting	☐ I can travel anywhere without pain
Section 5: Sitting	☐ I can travel anywhere but it gives me extra pain
☐ I can sit in any chair as long as I like	☐ Pain is bad but I manage journeys over two hours
☐ I can only sit in my favourite chair as long as I like	☐ Pain restricts me to journeys of less than one hour
☐ Pain prevents me sitting more than one hour	Pain restricts me to short necessary journeys under 30
☐ Pain prevents me from sitting more than 30 minutes	minutes
☐ Pain prevents me from sitting more than 10 minutes	☐ Pain prevents me from travelling except to receive
Pain prevents me from sitting at all	treatment

Score: x 100 =% 1

Scoring: For each section the total possible score is 5: if the first statement is marked the section score = 0, if the last statement is marked it = 5. If all ten sections are completed the score is calculated as follows: Example:

16 (total scored)

50 (total possible score) x 100 = 32%

If one section is missed or not applicable the score is calculated: 16 (total scored)

45 (total possible score) x 100 = 35.5%

Minimum Detectable Change (90% confidence): 10%points (Change of less than this may be attributable to error in the measurement)
